OFFICIAL ORGAN OF THE REPUBLICAN PARTY IN KNOX COUNTY

New Series: Vol. VII, No. 24.

BARBOURVILLE, KY., FRIDAY, APRIL 13, 1917.

\$1.00 per Year In Advance

Is He the Laboring Man's Friend?

"Mr. W. R. Lay says he is endorsed by the laboring people of Knox county."

The above head lines appeared at the head of an article which was published in the McCreary County Advocate in its issue of April 6th, 1917, and which purported to be an account of a "mass meeting" held at Warren, Knox county, in which resolutions were alleged to have been adopted endorsing W. R. Lay for Circuit Judge. W. R. Lay did not dare have such a distorted and false report published in Knox county but went as far away from Knox county as possible to have it done.

The people of McCreary county and the 34th judicial district should know the facts about this alleged "mass meeting" and alleged endorsement by the laboring men of Knox county. Here are the facts in the case. W. R. Lay self styled candidate "upon merit, manhood and legal qualification" slipped out of Barbourville when two or three of his opponents were in town and went up to Warren, and with the help of one of the managers of the Coal Companies got less than a dozen voters together and addressed them, telling falsely that his opponents had notice of the meeting. When he had finished his address, Mr. W. R. Marsee a large mine operator, introduced some resolutions which he and one other man endorsed. The laboring men of Warren and Knox county had absolutely nothing to do with the bogus "mass-meeting" and the Marsee resolutions. Mr. Lay does not have the endorsement of the laboring men of Knox county, on the other hand it is known that he is favored by certain interests of Knox county who would hope to use him to further their interest should he be elected Circuit Judge.

Instead of being a candidate "upon merit, manhood and legal qualification" as he claims to be his conduct in this matter shows him to be a candidate upon false pretenses, deception and misrepresentation. Let no laboring man in the 34th Judicial district be deceived by this little scheme of W. R. Lay and his coal operator friend Mr. W. R. Marsee, who himself is a coal operator, and is the law agent for the Cumberland R. R. Company, and the Carter Coal Co., and every time a working man is hurt by either one of these companies, and brings suit he is on the job in Court and out of Court doing all he can for these Corporations and against the working man. No man in Knox county is more

partial to the Corporations than W. R. Marsee, and no man is more unfriendly to the cause of the laboring man than he is. Mr. miner and other laboring men, you inquire for your selves about Mr. Marsee and you will find out that he is no working mans friend. And further I wish to say that I believe the people who know me know that I have always been a friend to the laboring men, and that I will continue to be their friend, and I believe the people are overwhelmingly for me.

Yours truly,
J. FRED CATRON.

High School News.

This is the beginning of the last six weeks of school. Every parent should see that their boys and girls attend every day, as this term is most important from the fact that the various subjects are being completed and unless they pass successfully, the whole year's work in that subject is lost.

The attendance-punctuality banner was awarded to Prof. Faulkner's room, the 7th and 8th grades, as they had the highest general average. Notice how the primary grade is coming to the top of the list. Miss Pelly's and Miss Barton's room tied for third place. The High School department had better be careful or they never will see the banner again in their rooms. The general average for the entire school is the best ever reached, over 96 per cent. Below are general averages of the various rooms as they rank this week:

Prof. Faulkner - - 98.67
Miss Prater - - 98.20
Miss Pelly - - 98.60
Miss Barton - - 98.60
Miss Parker - - 95.75
Prof. Oldfield - - 93.00
Prof. Mills - - 92.98

Last Friday at the box supper the sum of \$34.00 was taken in, which will be used to purchase some much needed song books for the chapel. This amount will not purchase over 125 books, and we really need at least twice that many for 400 students to use. We wish to thank Sheriff Lewis, who so kindly and proficiently auctioned the boxes off.

The paper campaign is still on and we want to remind you to save your paper for us. If you will let us know, it will be removed promptly. If, by mistake the boys happen to miss your paper, kindly phone Prof. Oldfield, and it will be attended to at once.

The proceeds from the Japanese Opera, "The Mikado," which we presented last December, were used to order window blinds for the fourteen windows in the chapel. The blinds, which had to be made to order, as they are special size, have arrived and will add much to the attractiveness of the chapel.

Citizens in Mass Meeting Indorse Acts of President Wilson and National Congress.

Resolutions.

We, the citizens of Barbourville and Knox County, Ky., in Mass Convention assembled hereby indorse the action of President Woodrow Wilson and the National Congress of United States in declaring a state of War exists as a result of the murderous attacks of the Imperial German Government upon the unarmed commerce of the United States and the declaration of the intention to enforce the recognition of the rights of the American citizens upon the high seas, and we commend the President for the strength and devotion manifested in his recent message to Congress on the war situation.

Be it further resolved, that we now and hereby denounce as cowardly and un-American the speeches of Senator LaFollette and Representative Kitchin, recently delivered in Congress, and we likewise condemn the action of the twelve Senators who, by their votes acknowledge a preference for the Imperial German Government over that which gives them shelter and protection.

While we regret exceedingly the unfortunate situation brought about by the merciless Submarine Warfare now being prosecuted by the German Government, yet, as American citizens we feel it our duty to assure the President and the National Congress that this community is in full accord with the action taken by our officials and we will support the policies enunciated not only with speech but with deeds worthy of the situation.

Want New Depot.

The citizens of Barbourville and surrounding community, in mass convention assembled, having under consideration the lack of adequate, and modern passenger depot on the Louisville & Nashville Railroad at this point; RESOLVED, that this community call the attention of the L. &

N. R. R. officials to the inadequate, unsightly and unsanitary condition of the passenger depot at Barbourville, Kentucky, and lay before the said officials the facts which show the needs of the town and community and urge the erection of a passenger depot commensurate with the new and improved condition of our city and community, and ask that a reasonably adequate depot for the accomodation of the people who patronize said railroad be provided.

We regard the present passenger depot as entirely inadequate and very unsightly. In its present condition it is a bad advertisement for the community

as well as the railroad. Hundreds of strangers are now coming into our community, and the depot gives the first impression. The impression cannot be good. We are possessed with the idea that a new modern depot of reasonable size and convenient arrangement would greatly benefit not only the City and community, but the railroad company as well.

Therefore we respectfully re-

commend that a new passenger

depot be erected at some conve-

nient point in this city.

Be it further resolved that a copy of these resolutions be sent to Supt. O. B. Hollingsworth, Middlesboro, Ky., and other officials of the L. & N. R. R. Co.

and that a copy thereof be furnished the Mountain Advocate for publication.

Indorse Civic League.

Be it Resolved by this body. That we as citizens of Barbourville and Knox county heartily indorse and approve the efforts and good results accomplished by the Civic League of this city in the many improvements which it has brought about in our city, and which it is now advocating, and we especially indorse the action which the Civic League has taken to secure a new passenger depot in this city.

Lay Will Not Carry Knox County, Says J. F. Catron

My friend, Mr. W. R. Lay, who is my opponent for Judge of this District and who lives in my county, has had considerable to say in the press about his strength in Knox County. I have not had much opportunity yet to learn the political conditions in Whitley and McCreary Counties, but I am satisfied from all reports and from my opportunity to learn of the conditions in said counties that I will get more votes in those counties than Mr. Lay. I do know about conditions in Knox County. Mr. Lay in the Advocate in articles written by himself, says his friends claim that they are overwhelming for me.

I have now served the people of Knox County as their County Attorney for nearly four years and I know the situation here and I know the people of this County are for me by a big majority.

Mr. Lay must know that he is not in it in Knox County, and, furthermore, I am in this race to win and want my friends to know that I will use every honorable effort to win this nomination and will fight until the polls are closed on August 4th. I believe I can win and if you honor me with this office I promise to give it my best thought and services, doing justice to all men, rich and poor, high or low, white or black.

I have always been a republican and have always been true and loyal to its principles. I shall greatly appreciate your vote and influence. Sincerely yours,

J. FRED CATRON.

Patriotism Burning.

Last Friday night the faculty and students of Union College came out on the streets of the city with the college band playing patriotic airs and started the fires of patriotism burning in every bosom in the city.

On Saturday night it was repeated. Not by the college people alone, but the college band and Red Men's band consolidated and the largest parade ever formed in this city started from the Public Square marching up Main street to Manchester street. From Manchester street the parade came down College avenue to Knox street and thence to the Public Square.

This parade was made up of people from every walk of life. There was the old and the young, the rich and the poor, the halt and the lame, all feeling that their country needed their assistance. There was no politics shown, the democrat and the republican walked arm in arm. Everybody carried flags and it seemed that every throat was trying to do its best to outdo its neighbor who was making all the fuss possible.

The time has come when we must put down all political feelings and stand for one country, one flag and one cause. This is not the time to talk politics. Woodrow Wilson is the President of all the people and every true American will stand by him in all his actions.

Those who would ridicule any action of the President at this time are certainly standing in their own light. The time has come when all must watch their words. The German people who are Americans by birth or adoption will stand by the United States against any foreign foe. If he should show disloyalty he will be placed where he should be, where he will do no harm.

The demonstration last Saturday night was most encouraging. The time has come when men will not stand for any further disregard for personal rights and the lives and property of the American people. We hope the demonstration that took place last Saturday night will be repeated, and that others who did not join in the parade then will be in line next time. Let us show to the world that we are true Americans; true to our country, our flag and ourselves.

The letters addressed to the Advocate and published in this week's issue is sufficient to convince any man of the unanimous support given to Mr. J. Fred Catron by the voters of Knox County for the office of Circuit Judge.

Mr. Catron is an honorable man and worthy of the support of any good citizen. His private and political life is clean, and his honor and integrity above reproach. As a lawyer his ability is unquestioned. He will make a good Judge, able, conservative and just,

The Editor Pleads Not Guilty.

We are publishing in this week's issue a large number of letters from the friends of Mr. J. Fred Catron from the various parts of Knox county. The writers of these letters evidently misunderstood the Mountain Advocate in its issue of March 23rd, 1917. In this issue of the Advocate there appeared an article under the picture of W. R. Lay in which it was stated, "some of Mr. Lay's friends say that he will carry Knox county four to one over Mr. Catron." From the tone of these letters in this week's issue of the Advocate to the Editor it appears that the writers of these letters understood that the Editor of this paper said "Mr. Lay would carry Knox county four to one over Mr. Catron." The Editor said no such thing, either in the paper or elsewhere. We are not making any fight for Mr. Lay or any other candidate. The candidates write their own articles and pay the Advocate the regular advertising rates for publishing these articles. We have never said in the Advocate who we are for, and we have not said in the Advocate who would carry Knox county. We do not know who will carry Knox county. We have not talked with a sufficient number of the voters to be able to speak on this subject. We are kept busy running the Advocate and our work as Superintendent of Union College grounds and dining hall. We have made no fight on Mr. Catron and do no intend to do so, he is our neighbor and our friend. We know him to be an honorable, upright gentleman and a true blue Republican, we also know that he has lots of friends all over Knox county, who will do everything possible to help him to win this nomination. We are glad to publish the letters in this week's issue from the friends of Mr. Catron and as we are running a newspaper, we are glad to take the advertising matter of the other candidates. As we understand the law we cannot refuse to publish the articles of any of the candidates if they are willing to pay for it and they do not contain any libelous statements. We have not undertaken to dictate and we do not propose to dictate to the voters of Knox county as to how they should cast their vote in the Circuit Judge's race or any other race. It is for the voters of Knox county to say which they prefer, Mr. Catron or Mr. Lay. We did not write the articles in which it was stated that Mr. Lay would carry Whitley and McCreary counties. We have not the least idea as to who will carry Whitley and McCreary counties in the Circuit Judge's race. We are very sorry that Mr. Catron's friends got the impression that the Mountain Advocate was trying to defeat Mr. Catron and elect Mr. Lay. We are sure that this matter is made so clear now that no one ought to misunderstand it. Boys go to it and vote for the man of your choice and the Mountain Advocate will be behind the choice of the Republican party for the November election.

R. J. BLEVINS.

To the People of Knox County:

I am a candidate for the nomination for Jailer of Knox County on the Republican ticket. I was the first one out in the race; I declared myself a candidate more than two years ago. I have been a life long Republican, I never change my ticket. While I have nothing to say about the other parties and I have no people much in this County, my father is dead but seemingly I have a host of good friends; they tell me they will stand by me, and I believe they will. I think that it is time for us to have one officer from our end of the county, none of my people have ever held an office in this county.

Should it be the will of the voters of Knox County, to elect me to this office I will always appreciate their kindness, and if I should be defeated I will be the same man, but I will say one thing that if I am elected, I will not do as some have done, my doors will be standing open and all are welcome.

If nominated and elected I will fully discharge all my duties and treat you all so kind and good you will never regret having voted for Blevins. I am a friend to every one and I respect the laboring man for I am one myself. I own a small farm and labor for support. I have some motherless children, not even a stepmother to help me raise them. Again I say should it be the will of the people to help me win this race I will thank them. I need the proceeds of the office; I would like to put my little children in school, you all help me and I will help you by being kind to you and treating you with respect, if elected, when you come to town

I think I am in this race heavy and have a good chance to win. There is no one in this end of the county but myself, any nearer than Barbourville running for this office. My neighbors are all for me, in fact all of the lower end of the county and Big Richland are for me, and I will get a good vote in Barbourville. I have been a coal miner a part of my life and where I strike the miner I will get a good vote, and I will get a scattering vote all over the county, and there is no reason why I haven't a good chance to win. There are two of my opponents who have had office, men who I have helped and now they are opposing me, I guess they think because the good hearted people of Knox County gave them a good thing, that the people must keep them in office the remainder of their days.

Now voters please take this to heart and think it over and see whether or not you will keep one man in office all his life, or will we let some other good man in. While there are good men in office there are just as good men who have never been in office.

Now I think I am the one to win and I think you ought to consider us and help us to have one officer from our end of the county one time. If we are going to keep just a few men in office, it is disheartening to our boys to educate themselves, and then have to wait until some one dies to get an office. I made a start in this race seven years ago and my opponents and friends asked me to step down and out and help them and I did so, now they are asking me to quit the race and help them again, now I think some of my opponents ought to get out of my way and help me. I think they ought to, but this is a free thing for every man. But voters please look at the principle of the thing, and help me to win this race, and I will greatly appreciate your kind favor, do many kind favors for you if elected. Women please ask your husbands to vote for me. Young ladies please ask your sweethearts to vote for me.

My intentions are to see every man at his own home and shake hands with him before August the 4th, 1917. Lewis and Mitchell are fighting each other now as if there was no one else in the race but them; but they will find out that there is some one else in the race, they are both losing now, there are many saying that they ought to stand back and let a man have an office that has never had one, and I hope that the people will pick me up and elect me, and I will pay you all back in kind favors, the people say I am gaining votes every day. Mitchell says let him stay he knows how to take care of the jail. I guess he had to learn, and if I am elected the lucky man I can learn as good as he did and I know I would feed poor women, children and men when they had to be in town on business, and he never has done that since he has been in office. Men get busy and look out for your own and your neighbors interest, and for the interest of your county that is one thing that we should all look out for and pick the best man to serve us. I never mistreated any one, even to a colored child. I always try to have a kind word for everyone.

So thanking you for past favors and also for what I know you will do for me in the future, I am,

Your friend,
R. J. Blevins,
Fount, Ky.

For Representative.

To the voters of the 69th Legislative District composed of Whitley and Knox Counties.

I am a candidate for the Republican nomination for Representative, subject to the action of the Primary election August the 4th.

I am 44 years of age, was born and have lived in Whitley county all of my life.

I am a farmer and Baptist Minister; I am the pastor of four churches, and all four of these churches heartily endorse my candidacy for Representative.

The next session will be the most important session, because the protection of homes, churches and schools, and the lives and souls of our people is involved. As long as we have liquor in our midst it means destruction and death. If I am elected, I will make every effort to stamp out the liquor traffic.

If you desire to have a part in the glorious movement waged by the Anti-Saloon League of Ky. which is a forward step toward State and National prohibition, vote for J. F. Carr, of Deering, Kentucky, for your Representative.

MORGAN RAIDER TELLS A STORY

Capt. Lucas, Frankfort, Feels As Fit As In Old Days.

MORGAN'S 'OLD HORSE THIEF'

Morgan's raiders, loved and honored by every man in the South and feared throughout the North in the days of '61, are still remembered by their daring raids into the very heart of the North.

These men, often riding day and night for weeks at a time, sparing nothing to aid the cause of Dixie, earned for themselves the famous

CAPT. MASON B. LUCAS.

name of "Morgan's Raiders." They gave the flower of their youth and strength to the cause dear to the South, and those of them that are left are still remembered and loved in the South and honored in the North.

Captain Lucas Popular.

Among these is Captain Mason B. Lucas, who is known throughout Franklin county as "Uncle Mace." He is now finishing his second term as County Jailer, and there is no more widely known or popular citizen in all Frankfort or Franklin county.

During the war he was Morgan's right-hand man, and his friends love to call him "Morgan's Old Horse Thief," as he was always given command of foraging parties when they had got past the Union lines and were in Northern territory.

"Uncle Mace" is now 73 years old and not long ago he felt that he was getting into the class of old men. But he feels fine again now and says he believes he can straddle his horse from the ground and make as hard a ride as he could in the days of '61.

In telling the story of how he got back his health he said:

"Some time ago my stomach went back on me, and I felt heavy and loggy after eating. I got so bad I couldn't sleep well at night, and began to get a little nervous. My appetite wasn't what it used to be either. I didn't seem to ever get hungry. I got worried and decided to try Tanlac.

Sleeps Like a Baby.

"Well, sir, after taking two bottles of Tanlac my appetite is splendid. I sleep like a baby, and feel stronger than I have for years.

Tanlac has done me so much good that I felt like I wanted to help some one else, and so I bought a bottle of Tanlac for an old war comrade of mine. Tanlac helped me and I am glad to tell others about it."

It is upon the recommendation of such persons that Tanlac is becoming so universally popular.

Tanlac, the master medicine and reconstructive tonic, is sold exclusively in Barbourville by Herndon Drug Co.

Killing at Fair Grounds

Last Saturday night while most all the people of the city had retired to rest, the news came that Zalem Harris had been killed at a house near the Fair Grounds on the road leading to Artemus. It appears from the best information to be gathered that Mr. Harris, with some other young men, had gone to the home of Mrs. Carroll to call on her daughters. Wm. Poindexter happened along, or at least went to the house, and had only been there a few minutes when the killing occurred. Harris was shot twice, once in the head the bullet entering above the eye near the nose. The other one entered the body in the back near the hip. Harris it is said, fell dead never speaking a word.

Poindexter came to town and surrendered to Sheriff Lewis and was placed in jail. Circuit Court convened last Monday and the Grand Jury, after an investigation, returned an indictment against Poindexter charging him with wilful murder. His case will come up for trial Saturday. Harris, who was the son of

Mr. and Mrs. Harvey Harris, was buried Sunday afternoon in the Barbourville Cemetery.

Miss Emma Morris an Energetic Campaigner.

(Political Advertisement)

Of all the candidates present at the opening of this term of Circuit Court, none made better use of the occasion than did Miss Emma Morris, who is a popular aspirant for the office of Superintendent of Schools. In her quiet, unassuming way she met numerous old friends and made many new ones. The public generally admires her sincere, straightforward manner, her ability to meet all classes in that sympathetic way of hers. It certainly looks now like public opinion is changing rapidly in her favor and whoever else wishes to be known in the race will have to wake up.

Spring is looked upon by many as the most delightful season of the year, but this cannot be said of the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment. Obtainable everywhere.

Insomnia.

Indigestion nearly always disturbs the sleep more or less, and is often the cause of insomnia. Eat a light supper with little if any meat, and no milk; also take one of Chamberlain's Tablets immediately after supper, and see if you do not rest much better, Obtainable everywhere.

Safe Medicine for Children.

"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effective in relieving coughs, chills and cough. Obtainable everywhere.

Judge Tye is hammering the various violators of the law, as well as making everyone respect the Court. He had a half dozen arrested the other day because they did not show up for jury service and fined one of them \$2.50 and ten hours in jail for talking back to the court after he had made a ruling. He is only doing what he should do. We are supposed to respect the dignity of the Court, even if we do not like its officers personally. They are the Court and as such they should be respected in the highest degree.

F. J. Mitchell, Candidate for Jailer of Knox County.

I have been amused to see some people, who, by their cunning, have tried to make some of my friends believe that I have held the office of Jailer long enough. Four years is not a long time. The custom has been, and I believe that it is a good one, to elect a man to a second term in office. While it may be true that there is little to learn in connection with the office of Jailer, yet there are many things that one should know about the manner in which its affairs should be handled. It is not a question of cooking and feeding those who may be so unfortunate as to have to be restrained by the law and incarcerated in the jail of the County, but there are many other things to be done. The Courts must be attended by the Jailer, it is he who must attend to the heating and lighting of the Court House. He must superintend all work done for the County on the public buildings and many other things where it requires experience and good judgment. I have only served the County one term in this responsible position, and I do not believe that I am asking any more than many other men have asked and received. As to my record, both socially and officially, it is an open book. I have never done or said anything that I feel ashamed of. I have tried to treat all so that I could look them straight in the face whenever or wherever I meet them. I have tried to do my whole duty, and how well I have done this, I leave for the voters of Knox County to say. I ask your support one more time, and promise now that I will not be a candidate for another office in Knox County. I believe that the people of Knox County will say by their votes on Aug. 4th, that I have kept the trust confided in me, and that in saying this they will give me the nomination for the office of Jailer of Knox County. I feel grateful to the people who have supported me in the past, and I hope that I have so conducted myself that they will never have cause to regret having voted for me but will feel that I have done my whole duty and will be willing to trust me for another four years.

Thanking one and all for past favors and their support in this race, I am,

Very truly yours,

Frank J. Mitchell.

Housework Is a Burden.

Woman's lot is a weary one at best. But with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life easier for many Barbourville women. Read what Mrs. Jarvis says: Mrs. W. S. Jarvis, Seno St., Barbourville, says: "My kidneys were out of order and my back was weak and lame and ached constantly. I tired easily, especially in the morning and it was an effort for me to do my housework. I had nervous, dizzy headaches and my feet and ankles were swollen. My kidneys acted irregularly and were disordered. I read of Doan's Kidney Pills and bought them from the Costellow Drug Co. They helped me by strengthening my back and regulating the action on my kidneys, making me feel better in every way."
